

Purina® Calf 22:20 Milk Replacer

LEARN MORE

Milk Replacer for Young Calves Through Weaning

Purina® 22:20 Calf Milk Replacer is a complete and balanced formula featuring 22% protein, 20% fat to support optimal growth and performance.

Formulated With Easily Digestible All Milk Proteins

A high protein formula helps provide energy young calves need to thrive.

Support For Newborn Calves, Beginning At Birth

Contains prebiotics to help support digestive health.

Highly Palatable

Specifically formulated with a proprietary blend of herbs and natural flavors to encourage feed intake in newborn calves

Dependable Nutrition

Easy to mix powder—non-medicated for flexibility of feeding rates.

DIRECTIONS FOR USE

Detailed feeding and mixing instructions can be found on the back of the package. Intended for use in calves from Day 2 to Weaning.
