

PURINA

# GAME BIRD CHOW

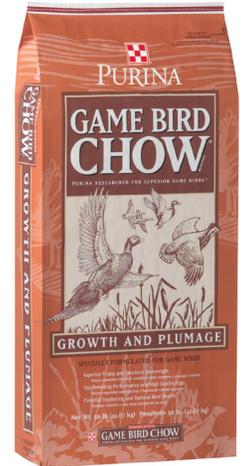

PURINA RESEARCHED FOR SUPERIOR GAME BIRDS

## Purina® Game Bird Maintenance Chow® (5440)

Purina Researched for Superior Game Birds

### What It Is...

A holding ration for pheasants, quail, chukars, guinea fowl, ducks, geese and other exotic game birds. Purina® Game Bird Maintenance Chow should be fed to game birds during the non-production season and mature game birds that are not being used for shooting preserves. This product is NOT intended for use where growth or production are major goals.

### FEATURES

### BENEFITS

■ **Provides Confidence**

■ **Specially Formulated to Maintain Birds**

Provides the nutrients necessary to help maintain body condition during the non-productive season.

■ **Balanced and Complete**

■ **Optimum Levels of Nutrients**

Fortified with vitamins, minerals and amino acids to support overall health while limiting weight gain when birds are not producing or growing.

■ **Easy to Use**

One product meets the nutritional requirements of most species of game birds.

■ **Risk Reduction**

■ **Cannibalism and Aggression**

Proper protein and salt levels combined with good management practices help to suppress aggressive behaviors and cannibalism.

■ **Consistent Quality**

■ **Uniform Nutrition**

The high-quality crumbles provide a source of complete and balanced nutrition in every bite.

### How To Feed...

Feed free-choice as a sole ration to mature, fully-feathered birds.

### Important Considerations:

1. Clean, fresh water should be available to the birds at all times.
2. A feeding program is only as effective as the management practices followed.

### Caution:

Store in a dry, well-ventilated area free from rodents and insects. DO NOT use moldy or insect-infested feed.
