

# Purina® Farm to Flock™ 18% Layer Food

**NEW!**

Complete Whole-food Goodness & Defense for Laying Hens

## Fun-filled, flu-fighting goodness.

Purina® Farm to Flock™ 18% Layer Food actively supports and fortifies your flock's immune and gut health, thanks to a unique blend of antioxidants, probiotics, and beneficial plant extracts. It also gives you peace of mind by helping defend against viruses like the bird flu. Every hen in your flock will enjoy this complete whole-food goodness, featuring a medley of high-protein pellets, ancient grains, seeds and veggies that'll keep your ladies happy, healthy and pecking the day away.

### Supports gut health

With live probiotics, prebiotics, and plant extracts from Yucca, Fenugreek, and Soapbark.

### Immune health

With added antioxidants and amino acids for overall wellbeing.

### Defends against viruses, like bird flu

Comes with built-in defense against avian influenza and other viruses giving you peace of mind from the inside out.

### Complete & balanced nutrition

Wholesome, complete nutrition, no supplements necessary.

### Strong shells & nutritious eggs

Balanced minerals + vitamins A, D E and manganese.

Exclusively from Purina®

The Flock Strong™ System proprietary ingredient blend helps nourish strong, healthy hens from the inside out with live probiotics, prebiotics and beneficial plant extracts for immune and gut health.

FeedLock® is a breakthrough ingredient of the system that nourishes and protects, helping to instantly defend your flock against avian influenza, while also boosting immunity and breaking down harmful pathogens on the feed with every bite.

The Oyster Strong® System proprietary blend of oyster shell and key vitamins and minerals, like vitamin D and manganese, helps ensure calcium is available day and night when laying hens are forming egg shells, so they don't need to pull it from their bones.

# Purina® Farm to Flock™ 18% Layer Food

## FEEDING DIRECTIONS

Feed Purina® Farm to Flock™ 18% Layer Food free-choice as the sole ration to laying chickens after 18 weeks of age and throughout the laying cycle. It is not necessary to provide additional grain or free-choice calcium. This feed should not be fed to male birds of any age or to birds less than 18 weeks old. Provide fresh clean water at all times.

## GUARANTEED ANALYSIS

Crude Protein (Min) .....	18.00%	Phosphorus (P), (Min) .....	0.45%

Total Microorganisms (Min) ..... 84000000 CFU/LB ( <i>Bacillus subtilis</i> , <i>Bacillus licheniformis</i> )			

## Nourishment in every bite. Bird flu not included.

### Peace of Mind

The Flock Strong™ System includes breakthrough ingredient FeedLock® which helps defend your flock's feed against avian influenza and other viruses by breaking down these harmful pathogens on the feed and it also boosts immunity. When your hens are thriving, you can rest easy knowing they're always covered.

### Worry-Free Defense You Can See and Feel

Helping defend your hens from viruses like the bird flu and giving them more energy is just the beginning. There's improved gut health and nutrient absorption, making sure every ingredient works together to help your flock look and feel their absolute best.

### Eggs You'll Always Be Proud of

Your hens will produce eggs with strong, protective shells and nutritious, golden yolks. That's thanks to essentials like calcium, plus vitamins A, D and E. Because when your flock thrives, your family can enjoy delicious eggs again and again.

### Eggs You Can Always Count On

There's a steady supply of calcium thanks to the Oyster Strong® System, which provides your hens with protective eggshells, helping to safeguard the nutrients inside and keeping every egg as wholesome and nutritious as can be.

### Healthiness that Truly Radiates

Better gut health starts with the right prebiotics, probiotics, functional supplements and antioxidants. But we don't stop there. Targeted amino acids and minerals support your hen's vibrancy, giving them consistently beautiful, shiny feathers.

### Happiness Creates Lasting Bonds

Your flock's long-term wellbeing is important to us. So, while functional supplements and antioxidants are crucial to their health, the protection you give them can create happier moments with deeper connections in your own backyard.

### When Hens Prosper, They Love You Back

Our beneficial plant extracts support metabolism, gut health and nutrient absorption, helping your flock feel their best. And when your flock is thriving, it all comes full circle. Because the love you give translates to happier, healthier hens.
