

# Purina® Multi-Species Colostrum Replacer

LEARN  
MORE

## Complete Multi-Species Colostrum Replacer

Purina® Multi-Species Colostrum Replacer is designed to provide essential nutrients to newborn animals that do not receive adequate quantity or quality of maternal colostrum after birth.

### High Quality Alternative to Maternal Colostrum

Formulated with key essential vitamins and minerals found in maternal colostrum to help support immune health.

### Flexible Feeding Instructions

Designed to meet the needs of various young animal species

### Contains 150 Grams of Globulin Protein per Pouch

Provides early critical nutrients needed after birth.

### Convenient, Complete Nutrition

Effortless mixing to help save time and deliver reliable nutrition.

#### DIRECTIONS FOR USE

Detailed feeding and mixing instructions for calves, foals, lambs and goat kids can be found on the back of the package. For feeding/mixing directions for piglets or other species not listed, please refer to your veterinarian. Intended for use in the young animal species listed, from birth to Day 1.
