

Purina® Multi-Species Electrolyte Supplement

LEARN MORE

Highly Concentrated Nutritional Supplement for Young Animal Species

Purina® Multi-Species Electrolyte Supplement is designed with the ideal balance of electrolytes and an amino acid to help keep all your young animals hydrated and healthy.

Highly Palatable

Formulated with a unique blend of herbs and oils to encourage feed intake.

Replenishes Electrolytes

Dextrose and glycine provide a boost of energy to support animals during times of stress and dehydration.

Flexible Feeding Instructions

Designed to meet the needs of various young animal species including calves, foals, lambs and goat kids.

Added Probiotics

Supports digestive health.

DIRECTIONS FOR USE

Detailed feeding and mixing instructions can be found on the back of the package. Formulated for use in pre-weaned calves and veal, foals, lambs, goat kids, baby pigs, llama and alpaca crias, fawns and elk calves from 2 days of age until weaning. Also, for use in adult cattle, horses, llamas, alpacas, goats, sheep and pigs.
