

Show Cattle

Purina® Honor® Show Feed Finishing Touch®

Honor® Show Feed Finishing Touch® feed is a course-textured sweet feed. This is a complete, balanced diet formulated for optimum growth and development of show cattle during finishing. It can be preceded by feeding Honor® Show Feed Fitters Edge® feed. Finishing Touch® feed is supported by Purina’s knowledge, experience and research.

Purple ribbons are spun from “Gold”. Learn the secret weapon of many serious show competitors and try Honor® Show Feed Finishing Touch® feed today.

FEATURE

BENEFIT

Purina’s high-energy finisher for desired show cattle

Nutrition that allows for overall condition and BLOOM to produce desired show cattle the degree of finish.

Contains Purina patented “GOLD NUGGET”

- This fat-containing, high-energy “GOLD NUGGET” is a result of the Purina unique manufacturing process.
- The “GOLD NUGGET” provides a higher-energy ration.
- Promotes daily gain and a rapid deposition of finish.

Availa® 4

- Balanced combination of zinc, manganese, copper and cobalt.
- Provides critical highly-available minerals that helps support immune response which is critical for healthy traveling show cattle.
- Helps maximize muscle development allowing cattle to reach their full potential.

Tasco®

Research has shown that TASCO® helps lower body temperature during heat stress, keeping animals on feed.

Diamond V®

A true, fully fermented yeast culture developed specifically for optimum animal nutrition. Research proven, Diamond V® has a unique ability to support ration digestibility, palatability and intake by delivering a rich, all-natural nutrient source to the animal’s digestive bacteria.

Contains Cottonseed Hulls

A very palatable roughage source that helps support consistent intakes.

PuriFerm™

A uniquely formulated fungal enzyme ingredient containing both *Aspergillus oryzae* and *Aspergillus niger*. Fungal enzymes help in the digestibility of fibrous feedstuffs, thereby helping support growth performance.

Research-proven

Feed it with total confidence, backed by Purina’s legendary tradition of fundamental and applied research, thousands of winning entries at local and national shows.

Salt (NaCl), min.....	0.15%
Salt (NaCl), max.....	0.65%
Potassium (K), min.....	0.60 ppm
Selenium (Se), min.....	0.33 ppm
Vitamin A, min.....	3,250 IU/lb

Directions:

Feed as the sole ration to finishing cattle. This feed is designed for show cattle over 900 pounds, but may be fed to cattle of any age or weight with proper management. Finishing cattle should eat approximately 2.5-3% and should be fed 2 pounds of hay per head per day.

Frame, genetics and management will determine finishing period.

Important: This product is to be fed only to the animal species as directed on the label.

Follow these management practices:

1. When making a ration change, allow 7-10 days for animals to adjust to the new ration.
2. Provide a source of fresh, clean water at all times.
3. Do not allow fine material to accumulate in feeders.
4. Provide adequate, well-protected and well-managed bunk space for each animal to prevent feed from becoming wet and moldy.
5. When fed from a self-feeder, adjust feeder to minimize quantity of feed accumulating in trough.
6. Cattle should be vaccinated against enterotoxemia.
7. Consult your veterinarian for the recommended health program for your local area. This includes internal and external parasite control.
8. Provide plain salt and Purina® Wind & Rain® All Season mineral free choice.

In groups of cattle, there are certain animals that experience chronic bloat or other digestive disturbances, and consequently are poor performers. In addition, excess feed consumption, severe weather changes resulting in erratic feed consumption and poorly-managed feeding practices can increase the incidence of bloat in all cattle. If bloating does occur, the above management practices should be reviewed.

Caution: Store in a dry area away from insects. Do not feed moldy or insect-infested feed.

High Octane® supplements are specifically designed for livestock show animals. These supplements are part of the Honor® Show lineup of livestock show products.
