

# The leader in animal nutrition quality

## Committed to building trust through unrivaled feed quality

At Purina, our feeds are fed to hundreds of thousands of animals every day. Animals that rely on us to help them be their best. That's why our feeds are made with the Purina® FeedGuard® Nutrition System. It's our satisfaction guarantee that your animals get the consistent, high-quality nutrition they need every day.

### Constant Nutrition® formulation:

The actual nutrition in any type of ingredient can vary for countless reasons, so we formulated our feed for optimal nutrition instead of by individual ingredients.

### Top quality ingredients:

We source and receive ingredients that meet our stringent quality standards. Every year, thousands of tons of ingredients that don't meet our strict nutritional standards are sent away.

### Perfected at the mill:

We use Near Infrared Reflectance (NIR) technology to measure and formulate the nutrient levels at many of our mills. We run hundreds of thousands of tests every year to make sure this is accurate.

**Purina® FeedGuard® Nutrition System is assurance that Purina® feed consistently delivers the highest-quality nutrition your animals need to be their best.**

### Got a Question for Us?

Our Purina Team is just a phone call or email away:

### Satisfaction Guarantee:

Purina appreciates your business. If for any reason you are not satisfied with the quality of the product, please return it to your authorized Purina® retailer for replacement or a full refund. The product guarantee only honors the original purchaser of Purina® products who buy the products directly from an authorized Purina® retailer.
