

Sheep & Goat

## Purina® Sheep & Goat Nutrition Program

# Purina® Sheep & Goat 26-12 Energy Tub

### Supplement Feed for Sheep & Goats on Pasture

**Convenient Nutrition, Made Easy.** The Purina® Sheep and Goat Protein 26-12 Tub is a simple way to support your animals when forage quality drops. The 55 lb size is easy to handle—perfect for small herds and flocks or rotational grazing. With weather-resistant packaging, no added copper, and a ClearView® of how much is left, it's a smart, easy choice that works great when paired with Purina® Wind & Rain® minerals.

FEATURE	BENEFIT
Protein and energy supplement	Balances deficiencies in fair- to poor-quality pasture or hay to improve forage utilization and optimize animal performance
Nugget technology-Differentiated fat source	Manufactured with proprietary Macro Encapsulation Technology™; the high-energy nugget delivers additional fat to help maintain body condition and support reproduction
Plant-based protein and fat sources	Formulated without animal fat and/or animal protein products for natural programs
Formulated without added trace minerals	Perfectly designed for use with free choice Purina® Wind & Rain® minerals No added copper – safe for sheep
Cooked tub technology	Weather-resistant product form
55 lb. size	Added convenience for lifting as well as for smaller operations and rotational grazing
ClearView® packaging	Amount of remaining product can be viewed for a distance Qualifies for Purina® Tub Recycling Program

## Purina® Sheep & Goat Nutrition Program

# Purina® Sheep & Goat 26-12 Energy Tub

### Guaranteed Analysis:

NUTRIENT	LEVEL
Crude Protein (min.).....	26.00%
This includes no more than 12% equivalent crude protein from non-protein nitrogen	
Crude Fat (min.).....	6.00%
Crude Fiber (max.).....	3.00%
Acid Detergent Fiber (ADF) (max.).....	4.00%
Calcium (Ca) (min.) .....	2.00%
Calcium (Ca) (max.) .....	2.50%
Phosphorus (P) (min.) .....	1.00%
Sodium (Na), (max.) .....	0.51%
Vitamin A (min.).....	80,000 IU/lb

### Ingredients:

Cane Molasses, Dehulled Soybean Meal, Urea, Calcium Carbonate, Vegetable Oil, Feed Grade Hydrolyzed Vegetable Fat, Ground Corn, Monocalcium Phosphate, Dicalcium Phosphate, Magnesium Oxide, Vitamin A Supplement, Vitamin E Supplement, Vitamin D<sub>3</sub> Supplement.

### Directions:

1. Feed one tub per 5 to 10 head and at least 2 tubs per pasture to ensure adequate intake by younger, timid animals.
2. Place tubs within 100 feet of where animals congregate (loafing, grazing, feeding and watering areas).
3. Feed tubs continuously along with plentiful sources of forage and fresh, clean water.
4. Sheep and goats will consume approximately 0.25-0.50 pounds of this supplement daily. Intake outside of this range is likely due to high-quality/abundant forage volume (low intake) or reduced quality and/or quantity of available forage (high intake).
5. Additional mineral and vitamin fortification is needed, provide a nutritionally balanced mineral/vitamin supplement containing salt.

**Introductory Period:** During the first week of use, place the tubs approximately 50 to 75 feet from the loafing and/or watering areas. As animals become acclimated to the presence of the tubs, some repositioning may be necessary. Move the tubs closer to increase consumption, further away to decrease consumption. DO NOT PROVIDE STARVED ANIMALS FREE ACCESS TO THIS SUPPLEMENT.

**Caution:** Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

USE ONLY AS DIRECTED.

Net Wt. 55 lbs (24.9 kg)
