Directions:

High Octane® Alleviate™ Gastric Support Supplement is formulated to support gastric health and proper pH for cattle, pigs, lambs and goats fed for exhibition.

The amount fed per day depends on the species, age and weight of the animal. Feed according to the directions below.

Show Pigs: Feed 2 ounces per day for every 50 lbs. of bodyweight up to 8 oz per day under normal feeding conditions. (example: 50 lb. pig = 2 oz/day; 200 lb. pig = 8 oz/day). During periods of stress, feed an additional 2 oz/day during the middle of the day as a treat or snack. The peak period of stress is usually 150 lbs. to show.

Show Cattle: Feed 12 to 24 ounces per day as a buffering agent. During periods of stress, bloat, and/or acidosis, feed 24 ounces per day.

Show Lambs/Goats: Feed 1 ounce per every 50 lbs. of body weight per day. During periods of stress, feed 2-4 oz per day.

Recommended Daily Feeding Amount (oz/day)

Cattle	Pigs	Lambs	Goats
12 to 24	2 to 8	1 to 4	1 to 4

CAUTION: Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death. USE ONLY AS DIRECTED.

POWER IN PERFORMANCE:

We know the best way to help you realize your dreams starts by employing a Winning Philosophy:

BETTER BREEDING

- Genetic Potential
- Selection
- Conformation
- Soundness

BETTER MANAGEMENT

- Cleanliness
- Showmanship
- Consistent Feed Times
- Daily Prep

BETTER FEEDING

- Consistent Intake
- Optimum Growth
- Body Condition
- Bloom & Finish

BETTER HEALTH

- Vaccination
- Proper Sanitation
- Health Program
- Veterinary Care
