

Sheep

Purina® Sheep Nutrition Program

Purina® Sheep Mineral

Mineral for all classes of sheep

Suitable for the entire flock, Purina® Sheep Mineral contains added selenium to support reproductive health and performance. This economical and palatable meal mineral provides the proper 2:1 ratio of calcium to phosphorus to help reduce the instance of urinary calculi in sheep.

FEATURE

BENEFIT

Calcium and phosphorus

Supports skeletal growth and optimum performance.

Fortified vitamins and trace minerals

Supports growth and overall health.

Vitamin E and selenium

Supports reproduction and performance in selenium deficient areas.

ALSO AVAILABLE

NEW! Sheep Mineral with ClariFly®

ClariFly® is a seasonal feed-through larvicide designed to help inhibit the development of mature flies and help reduce fly irritation.

Guaranteed Analysis:

NUTRIENT	LEVEL
Calcium (Ca) (min.)	14.85%
Calcium (Ca) (max.)	17.82%
Phosphorus (P) (min.)	6.00%
Zinc (Zn) (min.)	1,250.00 ppm
Vitamin A (min.)	100,000 IU/lb
Vitamin D3 (min.)	10,000 IU/lb
Vitamin E (min.)	200 IU/lb
Cobalt (Co) (min.)	3.00 ppm
Iodine (min.)	30.00 ppm
Magnesium (Mg) (min.)	2.00%
Manganese (Mn) (min.)	500.00 ppm
Potassium (K) (min.)	1.00%
Salt (NaCl) (min.)	11.25%
Salt (NaCl) (max.)	13.50%
Selenium (Se) (min.)	11.50 ppm

Ingredients:

Calcium Carbonate, Processed Grain By-Products, Dicalcium Phosphate, Monocalcium Phosphate, Salt, Magnesium Oxide, Molasses Products, Potassium Chloride, Mineral Oil, Zinc Sulfate, Sodium Selenite, Colored with Iron Oxide, Vitamin E Supplement, Vitamin D3 Supplement, Vitamin A Supplement, Manganese Sulfate, Zinc Oxide, Manganous Oxide, Ferrous Sulfate, Potassium Iodide, Sodium Molybdate, Cobalt Carbonate, Natural Flavor, Spices, Artificial Flavor, Maltodextrins

Visit your local Purina dealer to learn more or visit purinamills.com.

Directions:

Feed Purina® Sheep Mineral free-choice to sheep receiving rations composed largely of grass hay or to sheep grazing range or grass pastures. Optimum intake is 2.4 ounces per head per day.

Purina® Sheep Mineral with Clarifly® should be top-dressed onto the daily ration at a rate of 2.4 ounces per head per day to a 150 pound animal to supply 0.4 mg diflubenzuron/kg of bodyweight per day (see chart on feed tag for more specific directions).

Caution:

Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death. This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed.

USE ONLY AS DIRECTED.
