

Purina® Race Ready® Race Horse Formula Sweet Feed

WITH **OUTLAST** GASTRIC SUPPORT
SUPPLEMENT

FOR PERFORMANCE AND RACE HORSES WITH HIGH ENERGY DEMANDS

MULTIPLE FUEL SOURCES

Calories from fat, highly-digestible fiber and soluble carbohydrates support both aerobic and anaerobic exercise.

NUTRITIOUS WHOLE GRAINS

A natural source of antioxidants, phytonutrients and prebiotic fibers.

GASTRIC SUPPORT

Formulated with Outlast® Supplement to support gastric health through the stress of competition.

AMPLIFY® HIGH-FAT NUGGET

An extruded proprietary blend of vegetable oils, flaxseed, and rice bran to support weight gain, endurance, shine and bloom.

YEAR-ROUND QUALITY

Unique soy oil-molasses blend with lower sugar and higher fat than traditional cane molasses helps decrease bricking in winter and drying out in summer.

PROVEN PALATABILITY

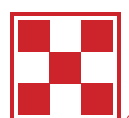

Countless trials at the Purina Animal Nutrition Center and in the field verify exceptional palatability to support consistent nutrient intake, even in the pickiest eaters.

VITAMIN AND MINERAL FORTIFICATION

Provides 100% of the required vitamins and minerals when fed as directed.* No supplemental energy sources, oils, vitamins or minerals needed.

CONCENTRATE FEED

Designed to be fed with hay or pasture.

FEED GREATNESS®

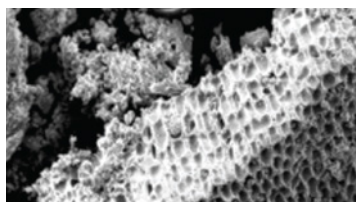

*When fed as directed, with free-choice or added salt, based on Nutrient Requirements of Horses. Sixth Revised Edition – 2007, published by the National Research Council.

Purina® Race Ready® Race Horse Formula Sweet Feed

OUTLAST® SUPPLEMENT

GASTRIC SUPPORT FOR THOSE WHO NEED IT MOST

Race Ready® Horse Feed is formulated to deliver research-derived servings of Outlast® Supplement in a palatable form at every meal. Proprietary mineral complex and unique honeycomb structure of Outlast® Supplement enhances its capacity to support gastric health.

AMPLIFY®

THE PROPRIETARY PURINA® AMPLIFY® NUGGET

Thanks to extensive research and field testing, Purina has learned how certain nutritional advantages can help horses be more active and productive during their lifetimes, even with the added stress of training regimens and performance expectations.

The Purina® Amplify® Nugget is a palatable, high-fat, extruded particle providing calories for weight gain, performance, lactation and sales prep in a nutritionally balanced formulation that has controlled carbohydrate levels. This proprietary feed supplement can be found only in Purina® Horse Feeds.

FEEDING DIRECTIONS WITH HAY OR PASTURE

Start with the amounts of Race Ready® Horse Feed given for the weight and lifestyle of the horse. After observing the horse for a period of time, the amount fed may be gradually increased or decreased to obtain the desired body condition and weight.

For feeding directions outside the ranges addressed in this chart, please contact your local Purina retailer or Purina Customer Service at 800-227-8941.

LIFESTYLE	WEIGHT OF HORSE IN POUNDS		
	800	1,000	1,200
Purina® Race Ready®*	(lbs/day)		
Moderate Work	5.75	7.00	8.50
Heavy Work	7.25	9.00	10.75
Very Heavy Work	10.75	13.25	15.75

A 5 lb meal of Race Ready® horse feed supplies a full serving of Outlast® Supplement.

Note: The recommended minimum amount of hay to be fed is 1.2% of total body weight per day (1.2 lb per 100 lbs of body weight). If feeding more hay, you may reduce the feeding rate of Race Ready® Horse Feed to maintain appropriate body condition.

*To meet nutrient requirements, do not feed less than 0.3 lbs per 100 lbs of body weight per day for mature horses at maintenance (3 lbs per 1,000-lb horse).

Note: Feeding rates of Race Ready® Horse Feed and forage may be adjusted or feed may be top-dressed with Purina® Amplify® High-Fat Supplement for additional calories. Hard-working horses may also benefit from supplementation with Purina® Supersport® Amino Acid Supplement.
