

# Purina® Farm to Flock® 18% Layer Food

Complete Whole-food Goodness for Laying Hens

NEW!

## Your Egg Layin' Brood Deserves Healthy Food

Purina® Farm to Flock® 18% Layer Food supports your flock's immune and gut health, thanks to a unique blend of antioxidants, probiotics, and beneficial plant extracts. Every hen in your flock will enjoy this complete whole-food goodness, featuring a medley of high-protein pellets, ancient grains, seeds and veggies that'll keep your ladies happy, healthy and pecking the day away.

### Supports gut health

With live probiotics, prebiotics, and plant extracts from Yucca, Fenugreek, and Soapbark.

### Complete and balanced nutrition

Wholesome, complete nutrition, no supplements necessary.

### Immune health

Functional supplements and antioxidants.

### Strong shells & nutritious eggs

Balanced minerals + vitamins A, D E and manganese.

### FEEDING DIRECTIONS

Feed Purina® Farm to Flock® 18% Layer Food free-choice as the sole ration to laying chickens after 18 weeks of age and throughout the laying cycle. It is not necessary to provide additional grain or free-choice calcium. This feed should not be fed to male birds of any age or to birds less than 18 weeks old. Provide fresh clean water at all times.

### GUARANTEED ANALYSIS

Crude Protein (Min) .....	18.00%	Phosphorus (P), (Min) .....	0.45%

(Bacillus subtilis, Bacillus licheniformis)			

The Flock Strong™ System proprietary ingredient blend helps nourish strong, healthy hens from the inside out with live probiotics, prebiotics and beneficial plant extracts for immune and gut health.

The Oyster Strong® System proprietary blend of oyster shell and key vitamins and minerals, like vitamin D and manganese, helps ensure calcium is available day and night when laying hens are forming egg shells, so they don't need to pull it from their bones.
