## Purina® Honor® Show Feed

# Show Goat R20 TXT

As the competition rises, so should expectations of your feed. Purina® Honor® Show Goat R20 TXT is the latest from the Purina® Honor® Show lineup, backed by our industry leading research, ready to help you Feed Greatness.

This unique textured formula is designed to keep feed intake consistent so you can provide industry leading nutrition to your show goats. Keep your focus on the ultimate goal, let Purina® Honor® Show Goat R20 TXT keep them on feed.

FEATURE	BENEFIT
Versatile and palatable	<ul style="list-style-type: none"> <li>▪ Designed for all life stages: creep, sale prep, growing, developing, finishing market goats and breeding goats</li> <li>▪ Contains added vitamins and minerals that support proper development (such as skeletal and muscular)</li> </ul>
High energy formula	Designed to supply fuel needed for proper growth and development
Specific protein sources	Blend of rumen degradable and rumen escape protein sources that target development and expression needed in the show ring
Textured formula	Blend of grains, roughage sources and premix pellet that supports feed intake
Medicated with Rumensin (monesin sodium)	For the prevention of coccidiosis - supports immune function
Ammonium chloride	Helps reduce the risk of urinary calculi
Tasco®	Research has shown that TASCOS® helps lower body temperature during heat stress, keeping animals on feed
Zinpro Availa® 4 Mineral	<ul style="list-style-type: none"> <li>▪ Balanced combination of zinc, manganese, copper and cobalt</li> <li>▪ Provides critical highly-available minerals that help support immune response critical for maintaining healthy show animals</li> <li>▪ Helps maximize muscle development; allows goats to reach their full potential</li> </ul>
PuriFerm™	A uniquely formulated fungal enzyme ingredient containing both <i>Aspergillus oryzae</i> and <i>Aspergillus niger</i> . Fungal enzymes help in the digestibility of fibrous feedstuffs which helps support growth and performance.
Research Proven	Feed it with total confidence; backed by Purina's legendary tradition of fundamental and applied research, thousands of winning entries at local and national shows

FEED GREATNESS®

# Show Goat R20 TXT

## Guaranteed Analysis:

### ACTIVE DRUG INGREDIENTS

Monensin (as Monensin Sodium) .....20.00 g/ton

NUTRIENT	LEVEL
Crude protein, min.....	15.00%
This includes not more than 1.20% equivalent crude protein from non-protein nitrogen.	
Crude fat, min.....	4.50%
Crude fiber, max.....	10.00%
Calcium (Ca), min.....	0.50%
Calcium (Ca), max.....	1.00%

NUTRIENT	LEVEL
Phosphorous (P), min.....	0.25%
Salt (NaCl), min.....	0.50%
Salt (NaCl), max.....	1.00%
Copper (Cu), max.....	10 ppm
Selenium (Se), min.....	0.30 ppm
Vitamin A, min.....	12,000 IU/lb

## Directions:

Feed continuously to goats maintained in confinement.

### Important:

Follow these management practices:

- If kids have not been creep fed, offer grass hay on a free choice basis upon arrival.
- When making a ration change, allow 7 to 10 days for animals to adjust to the new ration.
- Keep a constant supply of complete feed available. Do not let fine material accumulate in feeders.
- Provide adequate bunk space for each animal. Bunks should be well protected and managed to prevent feed from becoming wet or moldy.
- Provide mineral and salt free choice.
- Provide fresh, clean water near the feeding area.
- In groups of goats there are certain animals that experience chronic bloat, or other digestive disturbances and consequently, are poor performers. In addition, excess feed consumption, severe weather changes resulting in erratic feed consumption and poorly managed feeding practices, can increase the incidence of bloat in all goats. If bloating occurs, management practices should be reviewed and your veterinarian consulted. Always provide good quality hay or access to pasture for ruminant animals.

### Typical Feeding Rates for Purina® Honor® Show Goat R20 TXT

Goat's Body Weight, Lbs	Feeding Range, Lbs
30-50	1-2
50-70	2-2.8
70-90	2.8-4
90-Market	4-5

### Caution:

Use only as directed. For ruminants (cattle, sheep, and goats) only.

Do not allow horses or other equines access to feed containing monensin. Ingestion of monensin by horses has been fatal. Monensin medicated cattle and goat feeds are safe for use in cattle and goats only. Consumption by unapproved species may result in toxic reactions. Do not exceed the levels of monensin recommended in the feeding directions, as reduced average daily gains may result.

Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

USE ONLY AS DIRECTED

### Warning:

Do not feed to lactating goats.
